EDMONTON, ALBERTA, WEDNESDAY, FEB. 25, 1953

WINTER WONDERLAND

THE SNOWFALLS of recent weeks have turned the countryside into a veritable wonderland of beauty. Children and out-of-door enthusiasts have plenty of fun and recreation while enjoying the beauty of nature's handiwork.

Pee-Wee Hockey Team Defeated

BEISEKER—The Beiseker Tiger Pee Wee Hockey team defeated the Acme Ice Wags on Saturday by a score of 1-0. Kenny Uffelmeyer scored the only goal with Jerry Silbernagel getting an assist. Lorne Bunyan is the coach.

Mrs. Frank Plante entertained the Bridge Club on Wednesday night, the honors going to Mary Hagel and Doris Wright.

Mr. and Mrs. F. A. Lonnat attended the Cancer Convention in Calgary on February 16.

Mrs. A. A. Wald (K) represented the Beiseker Branch at the annual Red Cross Convention February 19-20 in Calgary and was elected as councillor on the Provincial Executive Board for the second term.

Born to Mr. and Mrs. Eddy (Ed) Hagel, a son.

Mr. W. J. Layole attended the ninth annual Convention of the Quick Freeze Locker Association Ltd. in the Macdonald Hotel at Edmonton on Feb. 18, 19 and 20. Mr. Layole was elected to the Board of Directors.

In 1951 frozen food processed in Alberta amounted to 13,859,897 lbs. and climbed to 16,795,135 lbs. in 1952 showing a definite upswing in frozen food consumption.

Mr. and Mrs. Jake Seizler entertained at dinner on Sunday. Mr. and Mrs. Lou Brosteaux, Mr. and

Mrs. Harry Simmonds and Mr. and Mrs. Darce Olsen.

Dinner guests at Mrs. Schultz's home were Mr. and Mrs. F. A. Lonnat, Mr. and Mrs. Charley Lohske, Mr. and Mrs. Carl Lohske, Mr. and Mrs. Harry Long, Mrs. Wegener and Miss Eva Wegener.

Mr. and Mrs. Don Morrow of Drumheller visited over the weekend at Mrs. Ed Hagel.

Mr. and Mrs. G. Baurbone of High River paid a visit to the Anton Hagel family.

The Acme High School team defeated the Beiseker Hockey team by a score of 9-2 on Tuesday evening in Beiseker.

Local Family Sustain Injuries In Smash

BEISEKER—A car and truck collision five miles east of Beiseker on the Drumheller highway sent one-year old Darlene, daughter of Mr. and Mrs. Art Biebrick of Beiseker to the General Hospital in Calgary with serious head injuries. Dale, the four-year old son, also received a bad cut on his head. Mrs. Biebrick was severely shaken up and is also under the doctor's care. Mr. Biebrick escaped injury, but was badly shaken up. The driver of the truck, Mr. Jake Warz, escaped injury. The RCMP are investigating.

During 1951, figured on a per capita basis, Canadians each attended the movies 18 times.

Curling Activities In Full Swing

Curling has been the centre of attraction in the community now that the weather permits. The Men's Bonspiel is over in Irricana. The Women's Bonspiel started Feb. 16. There are nine women's rinks entered at Irricana.

The local Kathryn High School rink won the western division play-off and then lost to Rosebud for the right to represent this area in the play-offs for the southern Alberta title. The local rink composed of Bob Thompson, lead; Richard Bruntjen, second; Elvin Carr, third and Dick Young as skip.

The Gordon Drakes rink has entered the Bonspiel at Strathmore. The rink is composed of G. Drake, skip; J. Percival, third; B. Midyette, second and D. Dingwall, lead.

Two Members Elected To Local Board

BEISEKER—Mr. Val Schmaltz and W. J. Layole were elected to the local Board of the Beiseker Consolidated School District No. 65 at the annual meeting held in the school auditorium on Saturday, Feb. 21. The meeting was well attended and keen interest was shown in the local affairs of our School System.

YOUNG LIBERALS TO HOLD CONVENTION

Plans are underway for the annual meeting of the Alberta Young Liberal Association to be held in Red Deer on March 7th. This is the first occasion when the convention has been held separately from that of the senior organization, and Young Liberal officers feel that they have now progressed to the point where this will be a beneficial change.

Further announcements will be made later regarding agenda, etc., but R. E. G. Armstrong, Parkland, president of the Association, is hopeful that delegates will come from every constituency in the province.

Following is a list of officers of the Alberta Young Liberal Association, and Committee Members in charge of arrangements for the Annual Convention:

President, R. E. G. Armstrong, Parkland.

1st Vice-Pres., Frank Ender-ton, Edmonton.

2nd Vice-Pres., Mrs. Mel Shannon, Calgary.

Further announcements will be made later regarding agenda, etc., Secretary, Mrs. R. E. G. Armstrong, Parkland.

Publicity Secretary, Una MacLean, Calgary.

Convention Organization Committee: Chairman Mel Shannon, Calgary. Members, Frank Murphy, Red Deer; Douglas Robertson, Calgary.

Delegate and Credentials Committee: Chairman, John Boras, Calgary. Members, Mrs. Con

Loree, Nanton; Gordie Gregson, Cardston; Tevie Miller, Edmonton; Bob Campbell, Edmonton; Jack Stambaugh, Bruce.

Resolutions Committee: Chairman, C. Douglas Robertson.

Constitution Committee: Chairman, Bill Egbert.

Nominations Committee: Chairman, J. Judd Buchanan, Edmonton. Member, Mrs. Mel Shannon, Calgary.

Finance Committee: Chairman, Don Kennedy. Members: Art Cassidy, Ernie McCullough.

Kathryn News Briefs

The Kathryn Community Club held another successful card party on February 19. Honors in bridge went to Mr. and Mrs. G. Pearce and Mr. and Mrs. C. Storey won the prize for bridge.

Curling seems to be the leading topic around the district these days with much discussion regarding a curling rink to be built locally and the various bonspiels under way. Two men's rinks skiped by W. A. Longson and Gordon Drake entered the Strathmore bonspiel. In the Irricana Women's bonspiel Mrs. G. Drake's rink won third prize in the third event and the Longson rink won second prize in the second competition. Several men's rink are now attending the Calgary Bonspiel.

Friends are sorry to hear that Grandma McKay is seriously ill with pneumonia.

Keoma News Briefs

Alton McCollister is home from the hospital after spending a few months there due to a bad combine accident last fall. He is able to do a few chores about the farm, and has even tried out skating.

Mr. Henry Loftsgarden is visiting at Phoenix, Arizona.

Dicky Crawford, son of Mr. and Mrs. H. Crawford, is ill with rheumatic fever.

Last year farmers comprised 20.2 per cent of the population and received 12.4 per cent of the nation's net national income.

J. W. Hosford Heads Canadian Holstein-Friesian Association

SALISBURY—Mr. J. W. Hosford, a South Edmonton farmer, was elected president of the Canadian Holstein Friesian Association at the recent annual meeting held in Toronto.

J. W. HOSFORD

Honored in 1951 with the Master Farm Award, Mr. Hosford has been a Master Holstein Breeder for many years. Since 1936 the new president has been an Alberta director of the National Association.

In 1949 Mr. Hosford was elected as fourth vice-president and each succeeding year brought him closer to his present position.

Said Mr. Hosford in an interview, "The Holstein Friesian Association of Canada is the largest and wealthiest Breed Association in the British Empire."

"Inasmuch that three Albertans now head three Canadian Breed organizations, proves that Alberta is once more to the fore," he commented, and cited Mr. Balhorn of Wetaskiwin is head of the Canadian Aberdeen Angus Association and W. J. Edgar of Innisfail heads the Canadian Hereford Association.

Stannard Bros. Win Butterfat Award

SALISBURY—For the second consecutive year, Stannard Bros. of R.R.2, South Edmonton, have won the Silver Trophy for producing the highest butter fat average in Alberta.

Mr. A. J. Stannard accepted the trophy at the stag banquet held in the Palliser Hotel in Calgary where the Dalrymen's Convention was held last week.

Last year they also won the award for the best Herd Improvement. Mr. O. Arps of Salisbury placed eighth in this group this year.

These trophies are kept for one year and returned and the winners receive a small replica which they keep.

\$2,300,000 Earmarked For Alberta Projects

OTTAWA—The federal government plans to spend on Alberta public works projects in the coming fiscal year twice the amount it spent this year.

The government intends to spend \$2,300,000 in Alberta and everything from a \$1,000,000 public building in Edmonton to \$16,000 for wharf improvements at Ma-Me-O Beach at Pigeon Lake.

In 1952-53 government plans called for outlays in Alberta of \$1,161,000 of which none went to Calgary.

This fiscal year it plans to spend in Calgary some \$170,000 on "accommodation for government services."

Edmonton got the largest slice. There is the public building and a second vote of \$150,000 for addition and alterations to the immigration hall.

Edson and Taber were both on the new spending list for \$150,000 public buildings.

There is a vote of \$125,000 for a public building at Banff.

Athabasca, Blairmore, Camrose, Carway, Chief Mountain and Lethbridge are all earmarked for \$100,000 each in the new spending plan. They are for either public buildings or customs and immigration buildings.

Fort Saskatchewan, Stettler and Wetaskiwin are also slated to get funds. Each is down for \$75,000 for public buildings.

EDITORIALS

Our Free Press Owes Much To Linotype Machine

Ottmar Mergenthaler's Linotype machine, christened in the offices of the New York Tribune on July 3, 1886, was "the most potent machine of its age," states the March Reader's Digest.

The new machine touched off a boom in printing, created hundreds of industries and millions of jobs, greatly enlarged daily newspapers while lowering their cost made possible the printing of more magazines and books of many kinds. Because of the Linotype, libraries multiplied in number and size, and in a single generation the level of literacy advanced by a full century.

The Linotype made a metal slug that would print simultaneously several words in a line of type the width of a newspaper column. Previously, words and sentences had been formed laboriously by men who picked up the letters one at a time from type cases.

For some time after its first use, however, the machine seemed headed for failure for it was too costly for any but the largest publishers. Then the idea of leasing Linotypes was proposed. Small publishers could meet the rental terms; soon scores of small-town newspapers appeared. By the year 1900 there were 8,000 Linotypes in use.

In thus making modern printing possible, Mergenthaler succeeded where many other inventors had failed. He knew nothing of printing, the article says; therefore "his prime advantage was an open mind—he had nothing to forget."

Though he died in 1899 at the age of 45, his machine paid him and his heirs about \$1,500,000.

Seek Freight Rate Boost

Though granted a 9 per cent increase in freight rates a short time ago, Canadian railways now have further applications for freight rate increases before the Board of Transport Commissioners. They have asked for the following: an immediate 7 per cent rate increase; a 6.5 per cent return on the C.P.R.'s net investment in railway property; and a further 9 per cent increase.

Since April, 1949, increases granted the railroads and their annual cost have been as follows:

	% Increase	Cumulative % increase over March, 1948	Annual Cost
April 8, 1948.....	21.0	21.0	\$ 70,000,000
Oct 11, 1949	8.0	30.7	30,000,000
Mar. 23, 1950 (16% in lieu of 8%)	7.4	40.4	28,000,000
June 16, 1950 (20% in lieu of 16%)	3.4	45.2	13,000,000
July 26, 1951	12.0	62.6	
Feb. 11, 1952 (17% in lieu of 12%)	4.5	69.9	74,000,000
Jan. 1, 1953	9.0	85.2	42,000,000
			\$257,000,000

With no competitive means of transportation to keep rates down, the increases in railway rates have hit hard at Western Canada. Farmers have been particularly burdened by the increased rates since they pay both the freight on produce they ship to market and on manufactured goods from the industrial areas. Any further increase in freight rates would be a blow to the prairie farmers.

Gift Of Hockey Puck

Vancouver Sun

Court circles in London are doubtless agog over the imminent arrival of the puck with which Maurice Richard scored his 325th goal.

This puck, so we learn, is to be plated with gold and sent to Her Majesty. This sort of thing is one reason why we sing "God Save the Queen." Police forces protect her from accident. The armed forces protect her from national enemies. But only God can preserve her from the egomania of her subjects.

Note and Comment

Horse sense is what keeps a horse from betting on the human race.

Goodbye To Nuisance Taxes

By T. W. PUE

Mr. Abbott has brought down what he says is his last budget, and it's a good one. Hardly anyone can be angry or go away mad with the 1953 budget. Even if this is an election year and we expected tax cuts anyway.

The 11% reduction in personal income taxes, and reduced rates of corporation taxes are, of course, important. But the really outstanding features of this budget is the elimination of the nuisance check excise tax and radio license fee.

T. W. PUE

Not so long ago I wrote out a check in the presence of an American business friend. He asked me, as I put a stamp on it, "What are you going to do with that check—mail it?" To him it seemed odd to have to put a 3c stamp on a check to make it legal. But I've never known the time when I DIDN'T have to stamp every check.

Well, now it's good riddance to a bothersome nuisance tax.

RADIO LICENSE FARCE

It's funny how long a perfectly farcical idea can persist in the minds of some people, and the principle of the radio license fee is the funniest—and the grimmest of all.

The funny idea was that the \$2.50 license fee tax on radio sets was necessary to give the Canadian Broadcasting Corporation an independent income so it wouldn't be dependent on the government for its support. It probably cost the Government about half the \$2.50 to collect and a whole army of able-bodied men—office executives, directors, inspectors, collectors and investigators was kept on the staff of the Department of Transport to try and collect this license fee. Now some of these fellows will have to go out and get a job. So an unnecessary lot of human energy and wasted effort was being spent annually to support the myth that the CBC is not a government-paid department. But the fee is being abolished and there'll be no television fee.

But we don't need to worry about television, if it's left to the CBC there'll be none here for the next twenty years.

PROSPEROUS TIMES

The keynote of Mr. Abbott's address was that last year Canadians had prosperity without additional inflation. With no let-up in Defence spending and other Government services being fully maintained, other tax cuts are being made effective. Besides reductions in income taxes, there is abolition of sales tax on newspaper, greater allowance on medical expenses (all over 3% instead of formerly 4%) and other important reductions such as 4c less tax on cigarettes.

All this is possible (an estimated total tax reduction of \$250,000,000) because Canada's "Gross National Product" is rising year by year and it is estimated that it will go up another billion dollars (from 23 billion in '52) this year.

By making and selling more goods we are benefitting directly, by lower taxes. Which seems to prove that the only way to have prosperity is not to work harder, and produce more goods.

And that applies to a nation as well as to individuals.

Prayer

Last Friday, the Christian Women's world day of prayer was observed in Canada and many other countries. It is good to see members of all Christian groups united in the spirit of Prayer. When we consider that our nominally Christian churches are divided on questions ranging from the Divinity of Christ to whether or not an organ should be allowed in a church. It is refreshing to note that all agree on the power and efficacy of prayer.

A little-known group, the Christadelphians, through an Edmonton district member of this group sent us the following thoughts on Prayer:

"Prayer is the mightiest thing put into human hands. If we know how to pray, nothing is impossible to us. Prayer should be a thing of plan and purpose as well as impulse.

The power to pray, and the power to teach others to pray, is entirely dependent on the depth of the spiritual life."

The Bible Today

No man can serve two masters: for either he will hate the one, and love the other or he will hold to the one and despise the other.—Matthew, VI: 24.

YACHT ECONOMY

Apparently General Ike, new President of the U.S.A., won't be using the Presidential yacht down there at Washington. Why not ask the Americans to send it to England as part of the next batch of economic aid and save the British the cost of building a new one for the Queen?

M. K.

AGE PROBLEMS

To my mind, this is the problem that should be uppermost in the minds of our lawmakers—the ending of the discrimination against men over 40 years of age when it comes to employment. Don't men of this age have the right to earn a living and pursue happiness? Then why do some businesses and many of our unions shun men of this age? What do our Senators and M.P.'s propose to do to these older men—shoot them?

FAMILY AGES TOTAL 597 YEARS

It is assumed the following ages are correct and all names are of one family:

William Cruickshanks, Vancouver, 82 years; James Cruickshanks, Edmonton, 81 years; John Cruickshanks, Ranfurly, 79 years; Mrs. J. Lindsay, Vancouver, 76 years; Alex Cruickshanks, Ranfurly, 74 years; Mrs. E. Chandler, Ranfurly, 72 years; Mrs. R. Hopkins, Vancouver, 70 years; Robert Cruickshanks, Peace River, 63 years.

The ages total 597 years which, if laid end to end backwards, would bring us to the year 1356 A.D. If laid end to end forward, they bring us to the year 2550 A.D., when none of us is likely to be on hand, not even a Cruickshanks. Anyway, it is quite a record of longevity in any one family.

E. J. H.

Ranfurly.

Quick Canadian Quiz No. 106

1. Did the 1951 census show more unmarried men or women in Canada?
2. Do we import or manufacture more of our wool textiles?
3. When and where was the first transatlantic wireless telegraph sending station established in North America?
4. Name the largest city in each of the four maritime provinces.
5. Does Canada sell more to the British Commonwealth countries, excluding the United Kingdom, or to the countries of Latin America?

ANSWERS: 1. To Latin America. 2. In 1904, at Table Head, N.S. 3. 1,422,313 more unmarried men than women. 4. Halifax, N.S.; St. John, N.B.; Charlottetown, P.E.I.; St. John's, Nfld. 5. This year Canadian manufacturers will supply half the market, down from two-thirds in post war years.

(Material supplied by the editors of Quick Canadian Facts, the handbook of facts about Canada.)

Queen To Walk On Gold Carpet

LONDON—Some of the world's most impressive carpet will cover the ancient stones of Westminster Abbey at the Coronation of Queen Elizabeth next June.

Altogether 2,250 square yards of carpeting will be needed, weighing nearly five tons. Twelve Scottish girls in the factory of James Templeton and Company of Glasgow will spin the six-ply worsted wool, and five will weave the carpets.

For the "Coronation Theatre" as that section of the abbey is called, the carpets will be of gold. The annex, where the processions will assemble, and the nave down to the "theatre" will be carpeted in royal blue with a wide border of dark blue. The total width will be 17 feet.

Baseball men find that the McCarran Act deprives pact "jumpers."

\$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify, items must be true, personal incidents. Address "Embarrassing Moments," P.O. Box 4868, South Edmonton.

At school one day I remarked to a boy "Who waved your lovely hair, Henry?" But my tongue slipped and instead of saying "Henry" I said "Honey" by mistake. Everyone laughed — and was I ever embarrassed!

HELEN McLEOD,
Brightbank, Alberta.

Late at a friend's party, I met and chatted with a girl. Commenting on one young man, I said, "Well, take a look at that flirtatious guy over there — giving all the girls the glad eye! If I had a boy friends like that I'd kill him!" Then, turning to her, I asked, "What would you do?" Glaring, she snapped, "Nothing! For your information, that young man's my fiancé and he's merely trying to liven things up around here!"

**Wanted!
MORE
REPORTERS**

The Editor would like to hear from anyone whose home district, big or small, is not adequately represented in the news columns of this paper. We are willing to supply writing paper, stamped envelopes and a Press card. We also make regular monthly payments to reporters who send in at least one weekly news budget each week.

Be the recognized representative of the Press in your district. Fill in the application form below and mail it without delay!

T. W. Pue, Editor,
P.O. Box 4430, South Edmonton.

Dear Mr. Pue—I would like to report the news of my district to the

(Name of Paper)

Please send me all necessary supplies and Press card.

My Name

Address

Worthy Children Given Real Home

There is a big brick house on 103 St. and 99 Ave., thousands of people drive or walk past daily and yet few realize that it is more than just a house. It's a monument to kindness and determination. This is The Edmonton for Ex-Servicemen's Children and, when it was incorporated under The Benevolent Societies Act in 1946 it was the first home of its kind in Canada.

The home is a complete departure from what we have come to know of charitable institutions — it is more comparable to a good residential hotel with sincere love and kindness added. The idea of starting the home was formed by a group of women who were already working for the purpose of aiding service men. The president of the group then and now is Mrs. J. E. Petersen.

She and her husband do the lions share of the work today, just as they have since the idea was conceived. The going has been tough every inch of the way. In November, 1944, a trust fund was set up and more funds were raised. In April, 1946, the building was purchased. Months of cleaning, decorating and renovating followed; furniture was obtained and then in December, 1946, the doors opened to admit the first children.

The Policy of the Home was to offer care and comfort to children of ex-servicemen or women between the ages of 4 and 14. The age limits have frequently been ignored where families of children are in need of care and do not all come within the limits. As a result the home at present has children ranging in age from 2 to 17.

For the first 2 years of operation the average number of children being cared for was 35 at any one time, since then the need has increased and the average for the past year was 50.

The children are of many racial origins and religious faiths, there is absolutely no discrimination. They are educated to the highest possible standard and are encouraged to attend the church of their faith.

The children enter the home for a multitude of reasons, to mention a few there are cases where the mother has deserted the home and the father is unable to take care of the children and still keep his job.

There are cases of mothers deserted and having to seek full time em-

The three young tots shown are representative of the fifty or more children cared for at the Home For Ex-Servicemen's Children in Edmonton. Guiding hand in the worthy project is Mrs. J. E. Petersen, whose family of fifty makes every day a busy day.

ployment in order to live. Then there are children who were removed from their homes because of neglect by parents, and of course separations, divorces and death of parents are common causes. Wherever it is possible without causing hardship, the parent or guardian of a child are asked to pay part of the cost, an amount of from 20 to 30 dollars per month.

In spite of grants made by the Community Chest, the Provincial Government, The Ladies' Auxiliary to the Canadian Legion (Branch No. 24 and country branches) and the Eastern Star Ladies, the home is constantly in need of funds. Faith and determination has kept things going thus far and it is the writer's firm conviction that the home will continue for many years to come.

One citizen of Edmonton who makes a notable contribution is Dr. Harry Wienlos. He attends the children in sickness, or, if a child is brought to his office he always manages to attend it however busy he may be. He makes no charge for these services and sends cash donations as well. It is men such as he that without ever mentioning it continues to give help and support wherever it is needed. Various food donations are made through the year, one city bakery regularly sends all surplus bread and buns to the home. The city allows the home

free taxes, light and telephone. A great number of individuals and organizations send gifts and offer other forms of aid at Christmas time, but it is the other 51 weeks of the year that are difficult to get through.

Just pause for a while and try to imagine some of the chores that go with running such a "family." At this time of the year the children have to be dressed in overshoes and parkas and, of course undressed.

Consider the job of getting them into bed and up again in the morning. These points would be minor details if the building was designed to house 50 and if sufficient help could be hired, under the existing conditions however it's just plain toil.

Funds do not permit the hiring of a qualified resident housekeeper, so Mr. and Mrs. Petersen have moved into the home in order to be available at all times. This, of course, leaves them very little time to pursue any other interests they may have, or to enjoy the comforts they are entitled to expect after raising a family.

Next time you pass the red brick building take a look in the grounds, you will probably see some well dressed, healthy, happy youngsters playing, then you will really be able to appreciate what a fine job is being done.

This scene is typical of many which will take place this month throughout the schools in Canada. A teacher instructing pupils in the wonderful relief work of the Red Cross.

Canadian Boys and Girls Send Help To Other Children Through Red Cross

February will be "Junior Red Cross Month" throughout Canada when the more than one million school children enrolled in the Canadian Junior Red Cross Society will work to provide food, clothing, medicines and school supplies for some two hundred million children in Korea, India, Pakistan and Indonesia.

In a nation-wide drive supported by the Canadian Education Association and the provincial Departments of Education, the children will make clothing and health kits, collect school supplies and raise money for this project.

In Korea there are at least 50,000 war orphans roaming the streets searching for food and lodging; India and Pakistan have even greater numerical problems in caring for their children; and in Indonesia, 90 per cent of the children are illiterate.

Literally millions of children are in urgent need of food, clothing and medicines. In Indonesia alone, there are 12,000,000 persons suffering from yaws, a crippling disease that means slow death and continual misery, but which is curable almost immediately with penicillin.

"In Korea, all notions of quick

rehabilitation must be put aside," declares M. C. Cooke, U.S. Red Cross representative in the Far East. "The problem is one of emergency relief." This entails feeding, sheltering and clothing the 10,000,000 war victims, a U.N. job in which Red Cross is co-operating, and fighting disease and caring for the sick and injured, a program implemented largely by the League of Red Cross Societies.

With these reasons for its campaign, the Junior Red Cross has felt it imperative to call on the support of every classroom. All monies collected will be used to purchase relief materials through Red Cross' special facilities.

In addition to the contribution of relief goods, children who support the drive will be making a concrete contribution to the cause of international understanding, one of the aims of the Junior Society.

Chrysler Corporation Plan Huge Canadian Expansion

A plant manufacturing expansion program costing over seventeen million dollars and requiring more than two years to complete is being undertaken immediately in Windsor by the Chrysler Corporation of Canada, Limited. When completed the Corporation will be able to produce more than double its present output of passenger cars. The program was announced at a press conference held by E. C. Row, President and General Manager of the Corporation.

"We have made a very comprehensive study," explained Mr. Row, "and our confidence in the future of Canada demands an immediate expansion of our facilities. This expansion will take more than the usual time, for we must replace our present loading and shipping facilities, before we can undertake other construction for the addition to add to our passenger car plant."

The Corporation's passenger car plant will have additions on the west and south sides which, when completed, will more than double the existing floor area of the plant. When completed, the total floor area of the plant will be substantially over one million square feet. Additional employees will be required eventually, but their number will not be known until the project is completed.

The new loading and shipping facilities, of necessity, will be one of the first buildings to be completed in the programme. Company officials reveal that it will be located on the Corporation's property adjoining the Corporation's present passenger car and motor plant.

The Corporation's Powerhouse will also be enlarged considerably in order to meet the requirements of the new passenger car facilities.

Also included in the expansion

Soil Conditioner Now In Wettable Form

A wettable flake form of synthetic soil conditioner for application as a solution by sprayer or watering can rather than a dry dust, has been introduced in Canada by Canadian Industries Limited.

The new formulation is named "Loxar" W to distinguish it from CIL's dry dust soil conditioner, "Loxar", which was brought out earlier this year.

The new product is readily soluble in water and is recommended for the control of surface crusting of soil in vegetable and flower gardens, greenhouse flats and market garden beds. It will also prevent erosion on slopes and embankments until natural cover is established.

One pound of "Loxar" W dissolved in 14 gallons of water will treat 200 square feet. It is available in 20 and 40 pound containers.

Plans is a new transportation garage and building for experimental engineering facilities which will also be located on the Corporation's present property.

Architectural plans are now in the course of preparation.

Former Alberta Bank Manager Promoted To Assist. General Manager

"MONTREAL — In order to meet the immense industrial development which is taking place in Western Canada, the Bank of Montreal is raising to a new status its field organizations in the Prairie Provinces and British Columbia by creating new territorial division and by the establishment of assistant general managers departments at Winnipeg and Vancouver. This is the first expansion move of its kind covering Western Canada to be undertaken by any of the chartered banks.

"The magnitude of the West's post-war development," said Gordon R. Ball, B. of M. president, in making the announcement following a meeting of the bank's directors today, "is something we have watched with the greatest interest and admiration for a number of years, and we have endeavored to keep pace with this rapid development by the expansion of our branch organization wherever the need has arisen.

"Now, however," said Mr. Ball, "the need for enlarged regional authority has become apparent if we are to provide the kind of banking service we feel is called for in meeting the vast growth which is going on in the West at present and which we confidently expect to increase greatly in the years ahead."

NEW REGIONAL HEADS

To direct the bank's new Prairie Provinces division, Mr. Ball announced the appointment of Leslie L. Sinclair as assistant general manager, with headquarters in Winnipeg. Mr. Sinclair has served for the past two years as superintendent of the Manitoba and Saskatchewan district. Before being stationed in Winnipeg, he was superintendent of Alberta branches for three years. Previously he held important posts in Toronto, Montreal and New York. His earlier experience, however, was in the West, and he has seen service at numerous branches in Alberta.

For the new Pacific Coast division, which comprises the Yukon as well as British Columbia, the bank has named W. H. Raikes assistant general manager, with headquarters in Vancouver. Harry Raikes, a native Westerner, who has served the bank from coast to coast, has been superintendent of the B.C. district since 1950. He previously held important appointments in Ottawa, Montreal and New York, as well as at a number of points in the West.

FIRST BANK IN THE WEST

When the West was opening up with the coming of the railway 65 to 75 years ago, the Bank of Montreal blazed the trail from Winnipeg to Vancouver, where it established the first banking

L. L. SINCLAIR

office within a few weeks of the arrival of the Canadian Pacific Railway. Back in the eighties, the bank crossed through the West hand in hand with the builders of the first transcontinental line—an undertaking which, in fact, it financed in large measure.

THE LIGHTER SIDE

Court Syntax

"Lawyers should use shorter words," says a writer. Convicts are agreed that judges should use shorter sentences.

Complete Collection

"You have a splendid collection of mounted fish—but what are the empty panels for?"

"Oh, those are some that got away."

An Ambulance Case

"A burglar broke into my house late last night."

"Did he get anything?"

"Rather! You see, my wife thought it was me."

Ask Pop, He Knows

Young Hopeful—Pa, what do standing armies sit on when they are tired?

Father—The seat of war, my son.

Horn

Repairman: "Shall I install a loud or soft horn, sir?"

O'Leary: "Just one with a dirty sneer."

Puzzled

Bassler—Why didn't you study the time table, then you would not have missed the train."

Rhodes—That was just the trouble. I wasted so much time trying to puzzle out the time schedule that the train got away.

Artistically Expressed

"It took eight sittings."

"What? Have you been having your portrait painted?"

"No; learning to skate."

The Difference

Patron: "That barber down the street has cut his prices down to 40 cents for a haircut."

Barber (after a withering silence): "Yeah? Well, a good barber cuts hair and a poor one cuts prices."

Only An Officer

Judge—What's the charge against this man, officer?

Officer—Vagrancy, your honor. He was loafing around a street corner all the afternoon.

Judge—Ah, impersonating an officer; 30 days in jail.

ALBERTA STILL LEADING IN TECHNICAL TRAINING

Alberta has been a leader in technical education in Canada, establishing its present school in 1916, according to Dr. James Fowler, principal emeritus of the Provincial Institute of Technology and Art, who spoke to the Knights of the Round Table Tuesday.

Alberta has been a leader in technical education in Canada, establishing its present school in 1916, according to Dr. James Fowler, principal emeritus of the Provincial Institute of Technology and Art, who spoke to the Knights of the Round Table Tuesday.

While Quebec was the first in the field in 1915, Alberta followed the very next year, stated the former Tech principal. Dr. Fowler had been with the Institute from the year of its founding until he resigned as principal last year.

Alberta is still a leader in training more apprentices per capita than almost any other province and also in the quality of instruction, he stated.

The institute, which is administered by the provincial department of Education, is financed in three ways, 10 per cent coming from students' fees and the remainder being shared by the provincial and federal governments.

The latter began to assist the Tech after the recent war through the Vocational Education Assistance Act.

TRUE TO LIFE

"An effort is made in the shops to simulate the environment which the student will find when he goes into industry," Mr. Fowler stated. By illustration, he pointed out that in the auto, machine and woodworking shops the same type of tools and methods are

used as in commercial enterprises.

While half the day is devoted to the practical side of the trade, the other half is for theory, mathematics, drafting, and general knowledge.

Up on the North Hill, Dr. Fowler stated, there is an investment of from six to seven million dollars, where a staff of 150 gives apprenticeship courses to day, evening and correspondence students numbering 3,100.

He emphasized that there was a difference between a technical school and an institute. The former taught a minimum of academic subjects, and students could complete requirements with shop courses.

"A technical institute," he said, "is a school where students come in and prepare for one occupation and their day—the whole day is devoted to this one end."

LETTERS TO LOUISA

Dear Louisa:
I am only thirty-five years old
and my hair has turned completely
grey. Sometimes I feel embar-
rassed when I'm out. Would you
advise me to dye it—or leave it
alone?

MRS. A. Z.
Smoky Lake.
Answer:
You should consult a profes-
sional beautician for advice on
whether you would be more at-
tractive with dyed hair. Many
women can be made beautiful,
however, with proper beauti-
cian treatment without hair dyeing.
Perhaps all you need is regular
visits to the hairdressers. It will
boost your morale, and alleviate
the feelings of inferiority that
cause you embarrassment.

LOUISA.
Dear Louisa:
I belong to a great many asso-
ciations of different kinds and
my husband thinks I am very fool-
ish to give my time for free work,
as he calls it.

I tell him that I enjoy working
for my community and that I
think it pays off in lots of ways
that we may not realize.
I have no children and we are
comfortably well off so it is not
necessary for me to have a pay-
ing job. What do you think?
G. P.

Answer:
I think you are very wise to
interest yourself in good projects
for your community. Surely, wo-
men, such as you, with no small
children, or financial worries,
should feel obligated to work to-
ward better living standards and
culture for their communities.

You're right about being paid
indirectly for what you are doing.
To begin with, when you interest
yourself in other people and
worthwhile projects, you haven't
the time to become morbid over
imaginary ailments or slights
from other people. You come
into contact with a great many
different kinds of people, and
find friends among them that you
might never know otherwise. You
have a feeling of accomplishment
to bring you happiness when you
see what your work has meant to
many people.

So try to make your husband
understand that there are other
rewards as important as those of
cash.

LOUISA.

I am going with a boy who
drinks a great deal. This is his
only bad habit and he says he will
give it up if I marry him.

I love him a lot but I don't want

UNWANTED HAIR
Permanently eradicated from any part
of the body with "SACA-PELO," the
remarkable discovery of the age. Saca
Pelo contains no drug or chemical and
will kill hair root.

Lor-Beer Laboratories
479 Grenville St., Vancouver, B.C.

to be married to a drunkard.
Do you think he will really stop
if I marry him?

GLORIA.
Answer:
No, I certainly do not. If he
doesn't think enough of you to
reform before marriage, he will
never go so afterward.

If I were you and really loved
him very much, I should tell him
that I would marry him one year
from the time he stopped his
drinking.

LOUISA.

Save the Soil Campaign—1952
"Save the Soil" campaigns in
Manitoba had a most successful
year in 1952.

Starting from a humble begin-
ning (see "Seedtime & Harvest"
February 14, 1952) — one project
at Pilot Mound in 1951 — the
"Save the Soil" campaign has really
"caught on".

The Manitoba Department of
Agriculture, encouraged by the re-
sponse of farmers in the Pilot
Mound area to this new approach
to soil conservation, made the "Save
the Soil" campaign a provincial
policy early last year. The result
was 12 campaigns with a total of
almost 200 members in 1952. And
all clubs indicated that their mem-
bership would be increased in 1953.

A New Approach. This is a new
approach to soil conservation in
Manitoba. It is a "grass roots"
approach. The person who can
conserve the soil—the farmer—is
vitality interested and welcomes as-
sistance. Those in charge of the
campaigns, the Soil Specialist and
the Agricultural Representatives,
meet the farmer on his own farm
and discuss the problems as they
exist there. The discussion is per-
sonal and to the point. Recom-
mendations are specific, not general,
as is the case in public meetings.
There is general agreement and in
almost every case action is taken.

Soil Conservation Fundamental.
The prevention of erosion by wind
or water and the maintenance of
soil fertility is the basic purpose of
the campaigns. However, the cul-
tural practices required to meet this
end affects every part of the farm
program. As a result the discussions
include the use of trash cover, the
seeding down of waterways to grass,
the growing of forage crops to re-
place fibre and soil fertility, etc.
Better farms and farming are bound
to be the end result of the "Save
the Soil" campaigns.

The Line Elevators Farm Service
provides the major award for an-
nual competition in each campaign
and is proud to be associated with
this new and promising approach
to soil conservation.

\$1 for Favorite RECIPE

BOILED SPICE CAKE
2 cups sugar, 2 cups water, ½
cup mixed peel, 2 cups raisins,
¼ cup lard or butter, 1 tsp. salt,
1 tsp. cinnamon, 1 tsp. nutmeg,
½ tsp. cloves.

Boil for 5 minutes and then
cool and add: 2 well beaten eggs,
2 tsp. soda, 2 tsp. baking powder
sifted with 3 cups of flour.

Bake one hour in a moderate
oven (350 deg.).

Keeps Vow

CLEVELAND, O. — A promise made 37 years ago was recently made good when Morris Clark of Edinburgh, Scotland, visited his brother Hyman, 57, who was seriously ill at the Crile Veterans Administration Hospital. The last time they met was in a hospital at Glasgow, where Hyman was recovering from being gassed in World War I.

Oldest Clown

IMPERIA, Italy. — Although 78, Ardiano Wettach, a former Latin professor, who turned clown, has no intention of retiring. Making people laugh for the last half century as kept him young, he says.

On Hot Seat

VIENNA, Austria. — The problem of how to keep musicians, who play for Vienna's outdoor ice revue, which is half in the open, warm was solved recently. Warm air is blown at them from all directions and, besides that, the seats on which they sit are electrically heated.

Rake Causes Shot

SANTA CRUZ, Calif. — John Plumbe was wounded by his rake. Plumbe was raking rubbish into a bonfire when, suddenly, there was a loud explosion. A shotgun shell in the trash was responsible for wounds in his hip, thigh and arm.

Truck Fires

LITTLE FALLS, N.Y. — Gasoline from a wrecked tank truck caught fire and the flames from the overturned truck swept houses and drove approximately 30 persons into the street in their night clothes. Loss exceeded \$100,000. The truck skidded on an icy hill, overturned and exploded at a street intersection just inside the city limits. Wind evidently blew the flaming fuel to the closely-clustered dwellings.

Wedding: Family Affair

UTICA, N.Y. — Dr. Ralph N. Schmidt, an ordained Universalist minister, recently officiated at the marriage of his father, Carl G. Schmidt, a widower, and Mrs. Madeline Genz, both of Milwaukee. Ralph N. Schmidt, Jr., was his grandfather's best man and the minister's wife was matron of honor.

Escape Too Narrow

TARENTUM, Pa. — John A. Bechtel, 86, sat frozen at the wheel of his automobile as a fast passenger train approached the crossing where the car was stalled. Francis X. Jordan rushed to pull the man free. Moments later, the train plowed into the car. Bechtel decided to quit driving as of that afternoon.

Doctor Honored

TAYLOR, Texas. — Dr. James Lee Dickey, 59-year-old Negro physician, was recently named the outstanding citizen of 1952 by residents of this town. He was honored for "watching over the health of his people for 32 years."

Nearly 700 CPR agents in the Canadian West provide reports which make up the railway's highly informative weekly crop report.

Local Boys Win
Beiseker Trophies

Four local boys, skip Ted Bills; third, Eugene Wickerson; second Billy Bills, and lead, Tommy Stamp, were going big guns in the men's Beisekerspiel. Not only have they each won Allister's \$50 certificates and two curling trophies, but are waiting for better ice so they may finish the second event, having already arrived "in the money" in it also.

Crossfield
News Briefs

Mr. and Mrs. Chas. Fox entertained at a very delicious turkey dinner on Sunday, Feb. 22. Those present were Mr. and Mrs. Frank Ruddy and family; Mr. and Mrs. Lefty Huddle and son from Claresholm; Mr. and Mrs. Dave Foreman and daughter from Regina; Mr. and Mrs. Lea Ableman, Calgary, and Mr. Lorne Onell, also from Calgary.

Mr. and Mrs. Chas. Fox have taken delivery of a new Dodge Coronet and since their son and daughter-in-law are back from their vacation, they feel that their farm will be left in competent hands and are anticipating a trip to California, Arizona, and other states.

Rev. Dovey preached a very

nice sermon on the "Return of the Prodigal Son" at his service in the United Church at 7:30 on Sunday, and also sang as a solo the hymn, "Softly and Tenderly Jesus is Calling." There was not as good an attendance as usual, due to a sudden storm which could easily have turned to blizzard proportions.

An Appeal To All!

The Canadian National European Flood Relief Committee under the chairmanship of His Excellency the Governor-General has launched an unlimited appeal for funds to help relieve the distress of flood sufferers.

There will be no national canvassing organization. Individuals, organizations and business firms are urged to make their donations through Branches of all chartered banks which will issue receipts valid for income tax purposes. All Post Offices will accept direct contributions by Postal Order, and similar arrangements have been made for Express Money Orders.

This is not a Red Cross appeal, but the Canadian Red Cross will be the administrative arm of the Committee for the distribution of assistance through its International Red Cross channels.

At present the appeal is for funds only. All requests for assistance from the fund will be checked by Red Cross Societies, Foreign Government Agencies and Canadian Embassies overseas.

The need is great. Your generous help is urgently requested.

Government of the
PROVINCE OF ALBERTA
